And now, following our age old tradition, I pray to God to remove darkness from the life of the sinful. This prayer has been taught us by Dnyaneshwar. They taught us the principle of equality and taught us to fight against injustice. Our leaders have given us the message of patriotism and self government. Against the backdrop of this message, I would like to promise on this auspicious occassion that Maharashtra will never forget the divine message given by Mahatma Gandhi through his person.
